CALAVERAS COUNCIL
of GOVERNMENTS

MEMORANDUM

TO: Council Members

FROM: Brittany Odermann

DATE: March 28, 2006

SUBJECT: Oak Management Plan - update

SUMMARY

On March 27th there was a meeting of the Calaveras County Hardwoods Advisory Committee (HAC). The meeting was well attended, with eight members of the HAC and various stakeholders from the community. Attendees reviewed the draft Oak Woodlands Management Plan (OWMP). CCOG Staff facilitated the meeting as members of the Committee revised and discussed various components of the document.

Robert Sellman, interim Director of Calaveras County Planning, was present to answer questions regarding the County oak mitigation ordinance being drafted to comply with state legislation. In the past, many attendees confused the OWMP with the County ordinance. The discussion with Mr. Sellman clarified the differences between these two efforts and eased the concerns of many attendees.

The HAC agreed to meet again on April 13th to continue review of the OWMP. CCOG Staff will continue to be available to the HAC for the purposes of creating a final draft OWMP that addresses the concerns and needs of Calaveras County residents, and coordinating the process through County plan adoption.
