RE: **UNMET TRANSIT NEEDS FINDING REPORT**

RECOMMENDATION:

THE COUNCIL APPROVE RESOLUTION 07-15 ADOPTING THE UNMET TRANSIT NEEDS FINDING REPORT FOR FISCAL YEAR 2007-2008

DISCUSSION:

Please find attached to this memo the completed Unmet Transit Needs Finding Report for fiscal year 2007-2008. Staff have shown due diligence in the collection and evaluation of needs expressed by residents of the County and customers of Calaveras Transit. The Social Services Transportation Advisory Council (SSTAC) has also been instrumental in the determination of needs that are “reasonable to meet”.

In this report we’ve determined that needs requesting increased and improved connections between our two most heavily traveled routes (route 1 and 4) have met the criteria for “reasonable to meet” and are being recommended for funding.
